**INVITATION TO
TRENDS IN THE DIAGNOSTIC
OF ASPERGILLOSIS**

**Espace Cap 15 -Paris 15e
June 28, 2013**

PROGRAMME - June 28, Paris

8.30 Welcome

9.00- 9.20: Introduction - Bernard PLICHON, CEO Ademtech

NEW MANAGEMENT OF INVASIVE ASPERGILLOSIS

Chairs : Marie-Elisabeth BOUGNOUX, Eric DANNAOUI

9.10 - 9.30

Update on epidemiology of invasive aspergillosis : Who is at risk and why?

Jean-Pierre GANGNEUX (CHU Rennes, France)

9.40 - 10.00

Evolving epidemiology of azole resistance in *Aspergillus fumigatus* and routes of resistance selection

Paul VERWEIJ (Radboud University Nijmegen Medical Centre, The Netherlands)

10.10 - 10.30

Azole resistance in *Aspergillus*: mechanisms and tools for detection

Eric DANNAOUI (Hôpital Européen Georges-Pompidou, France)

Coffee break (10.40-11.00)

11.00 - 11.20

New and revisited taxonomy of *Aspergillus* : integration of MALDI - TOF

Marie-Elisabeth BOUGNOUX (Hôpital universitaire Necker - Enfants malades, France)

11.30 - 11.50

How to improve the diagnosis of invasive aspergillosis? New developments and Challenges

Manuel CUENCA-ESTRELLA (Centro Nacional de Micobiología, Instituto de Salud Carlos III, Spain)

12.00 - 12.30

A new molecular tool for diagnosis of invasive aspergillosis

Manuel GABOYARD (Ademtech, France)

Lunch break (12.40 - 14.00)

HOW TO MANAGE RESISTANCE IN CLINICAL ROUTINE ?

Chairs : Paul VERWEIJ, Pierre-Yves BOCHUD

14.00 - 14.20

Host genetics and *Aspergillus* infection

Pierre-Yves BOCHUD (Centre Hospitalier Universitaire Vaudois, Switzerland)

14.30 - 14.50

Specific features on aspergillosis in children

Sophie BLUMENTAL (Hôpital Universitaire des Enfants Reine Fabiola, Belgium)

Coffee break (15.00-15.30)

15.30 - 15.50

Treatment of invasive aspergillosis and clinical implication of azole resistance

Livio PAGANO (Università Cattolica del Sacro Cuoro, Italy)

16.00 - 16.30

Cystis fibrosis and *Aspergillus* resistance

Isabelle SERMET- GAUDELUS (Hôpital universitaire Necker - Enfants Malades, France)

16.30 - 16.50

Round table : How to detect and manage resistance in clinical routine?

hosted by Paul VERWEIJ and by Eric DANNAOUI

16H50- 17H00 Closing remarks - Jean-Pierre GANGNEUX
